Dear Family of F. Powers and Parents:

We ware very happy to read that Mister F. Powers was released from Russian prison and able to return to his parents, wife, and homeland, we were touched that your ferherland, the great Democratic America, restored all your honors, Mr. F. Powers. We were greatly impressed at the time of Mr. F. Powers arrest and conviction. -Our sincerest wishes on the occasion of this great event to you, Mr. F. Powers, your esteemed parents, and your brave wife. Mr. F. Powers, say ou still be of great service to your great fatherland to which we Suropenhe are so very grateful. All this has been written by an old mother who still suffers terribly today from injustice and outrage of Nazi power for which, unfortunately, no amenda have yet been made. Since I know what suffering means, I was so greatly touched by the destiny of your family which took such a favorable and quick turn. Will you all please pray to God so that I will be blessed to see once more my only son and family after many long years.

Most respectfully and thanks to America, our great friend,

an old, plain woman
